

## EVOLVE CAPITAL PARTNERS ADVISES ON ACQUISITION OF LEASEDIMENSIONS

**New York, New York, February 15, 2017** – Evolve Capital Partners Inc., a leading specialized investment bank, today announced its client, LeaseDimensions, has been successfully acquired by Genpact (NYSE: G), a global professional services firm focused on delivering digital transformation for clients.

Founded in 1995, LeaseDimensions is a technology-enabled business processing management and information technology services company that specializes in providing finance process and technology domain expertise to equipment, vehicle finance and renewable energy companies. By acquiring LeaseDimensions, Genpact will unlock synergies across its core equipment financing businesses, offering enhanced growth and scalability opportunities while effectively providing onshore servicing capabilities.

“Throughout the acquisition process, Evolve Capital served as a valuable and trusted partner,” said William Allen, CEO of LeaseDimensions. “We’re excited about this acquisition and how it will enable us to bring more value to existing and new customers. Evolve Capital’s insightful strategic advice ensured that this deal was negotiated and executed as seamlessly as possible with maximum value generation for both parties.”

This latest transaction reflects Evolve Capital’s ongoing strategic focus on growing its footprint in the deal advisory space. As the exclusive advisor to LeaseDimensions, Evolve leveraged its deep expertise and market intelligence in the sector to vet interested parties, manage negotiations and perform comprehensive buyer diligence.

“It was a pleasure to play a pivotal role in guiding this deal to fruition, serving as key advisor to LeaseDimensions,” said Alexander Koles, founder of Evolve Capital. “We’re seeing more and more businesses move away from multiple specialized outsourcing relations, instead consolidating third-party servicers into funds that have complimentary businesses. This deal between LeaseDimensions and Genpact is the latest example of this trend in the industry.”

This deal comes on the heels of Evolve Capital serving as advisor for the sale of payments company Calpian to Excel Corporate in late 2015, further reinforcing the Company’s progress in the financial and technology space.
